Military & Law Enforcement

WHEN OPERATIONAL READINESS AND EFFICIENCY MATTER MOST

PROUDLY MADE

IN THE U.S.A

STORAGE IS MORE THAN A SOLUTION.

Datum’s lines of heavy-duty steel weapon racks and tactical gear lockers offer the customizable, secure storage you need when operational readiness and efficiency matter most. Family-owned since 1968, Datum’s products are manufactured in the USA and proven in the field to stand up to even the toughest wear and tear. Every product is backed by Datum’s exclusive Lifetime Warranty - the best in the industry.

Datum also offers storage solutions and furnishings to outfit your stations, barracks, evidence storage, armories, locker rooms, training facilities, and offices.

ARGOS WEAPON RACKS

Flexible storage for weapons, ammunition, and tactical gear

HEAVY-DUTY CONSTRUCTION

Constructed of heavy-gauge, fully-welded steel, Datum's weapon racks are durable and include enhanced security features, including reinforced doors with full-length piano hinges and complete extension lock bars.

ADJUSTABLE COMPONENTS

An extensive selection of adjustable brackets, shelves, bases, and mounts offers the flexibility to store rifles, shotguns, pistols, ammunition, and tactical gear.

LOCKING OPTIONS

Argos Weapon racks feature 5- or 7-point locking mechanisms secured with a key lock or padlock hasps. All variations meet U.S. Military Standards.

ARGOS WEAPON RACKS

SINGLE-DOOR AND DOUBLE-HINGED DOOR RACK

Datum's hinged door weapon racks are designed to securely store weapons, gear, and other tactical equipment. Traditional hinged doors allow full access to stored weapons and full use of available space in the interior of the cabinet.

FEATURES

- National Tactical Officers Association recommended
- 3-point lock (single), 5-point lock (double) keyed lock or hasp for customer supplied padlock
- Compatible with MobileTrak high-density storage systems
- Leveling glides included to adjust alignment in the field
- Internal lock bars on doors reduce interference with stored weapons
- Various locking options
- NSN, GSA, and state contracts
- Customize for varying storage needs

MULTIPLE SIZES

Standard racks come assembled at 21" or 42" widths with heights ranging from 24" to 84" to meet specific weapon storage needs. Contact your Datum Specialist for more information.

ARGOS WEAPON RACKS

BI-FOLD DOOR RACK

Datum's bi-fold door weapon racks are designed to securely store weapons, gear, and other tactical equipment. Doors fully recede into the cabinet to allow free movement around the cabinet and meet U.S. Military security standards.

FEATURES

- National Tactical Officers Association recommended
- 7-point lock (double door)
- Hasp for customer supplied padlock
- Leveling glides included to adjust alignment in the field
- Internal lock bars on doors reduce interference with stored weapons
- Compatible with MobileTrak high-density storage systems
- NSN, GSA, and state contracts
- Customize for varying storage needs

MULTIPLE SIZES

Standard racks are 42" wide with heights ranging from 24" to 84" to meet specific weapon storage needs. Contact your Datum Specialist for more information.

ARGOS WEAPON RACKS

OPEN RACK

Datum's open weapon racks are designed to store a variety of weapons, gear, and tactical equipment in a secure room environment. Open weapon racks have a mobile transport cart option that allows for easy movement between armory and training rooms.

FEATURES

- Configurable to accommodate a wide variety of weapons
- Constructed of 16- and 18-gauge welded steel
- 1" vertical centers
- Modular component mounting system
- Secure to a wall, back to back, and side to side
- Includes base and leveling glides
- Back panels have component security screw holes
- Store long guns, rifles, handguns, ammunition, helmets, tripods, backpacks, tasers, and optics
- Powder-coated finish available in all standard Datum colors
- Compatible with MobileTrak high-density storage systems
- Mobile option for easy movement

MULTIPLE SIZES

Standard racks are 36" or 42" widths with heights ranging from 43" to 110" to meet specific weapon storage needs. Contact your Datum Specialist for more information.

GENERATION II WEAPON RACK - G2

Military-grade storage for weapons, ammunition, and tactical gear

The newest addition to Datum's line of weapon storage products, the G2 is constructed of 16-gauge, fully-welded steel and features a newly designed back-panel with a shelf weight capacity of 300 lbs. The panel runs the weapon rack's full length to support a wide range of durable 14-gauge steel components.

In addition to the rack's strength, the G2 is designed to provide maximum flexibility for weapon inventory. A newly designed modular base easily accommodates rifles and crew-served weapons and offers additional stability. Other new features include a sling retention component to prevent snags during weapon retrieval and bi-fold doors that do not recess into the cabinet to increase the weapon rack's storage capacity. A hinged door option is also available.

FEATURES

- National Tactical Officers Association recommended
- Constructed of 16 gauge fully-welded steel
- Components constructed of 14 gauge steel
- Leveling glides included to adjust door alignment field
- Back panels feature component security screw holes
- 7-point locking bi-fold door and 6-point locking hinged door with hasp for padlock
- Internal lock bars on doors to reduce interference with stored weapons
- Perforated doors allow visual inventory and ventilation
- Racks can be bolted to wall studs, side to side, or stacked
- Compatible with Datum's MobileTrak systems
- Finishing available in 15 standard powder coat colors

MULTIPLE SIZES

Standard racks are 36" or 42" W x 15" D with heights ranging from 48" to 84" to meet specific weapon storage needs. Contact your Datum Specialist for more information.

PERSONAL STORAGE AND MAINTENANCE

Secure, customizable storage and workspaces for weapons and gear

PISTOL LOCKER

Datum's Personal Pistol Locker is designed for the secure storage of pistols and other personal items and gear.

FEATURES

- Available in single, 4, or 6 tier (keyed separately)
- Key, enhanced key, hasp, or digital lock
- Easily mounted on a wall, under a desk, or in a locker
- Rear mounting lances offer compatibility with Datum weapon racks and lockers
- Woven mat provided to protect stored weapons and items

ARMORER'S BENCH

Datum's Armorer's Bench is designed for weapon repair and maintenance. The bench features heavy-duty steel construction and is compatible with Datum's line of weapon racks.

FEATURES

- Fully welded heavy-duty 14-gauge framing with 11-gauge reinforcements and supports
- Solid steel worksurface supports stainless steel or butcher block worksurface
- 1-inch adjustable heights for back panel components
- Adjustable leveling glides
- Powder-coated finish (except upgraded worksurface)
- Two heights: 72-inch standard desktop height and 84-inch barstool height
- Optional shelves, rifle shotgun racks, pistol cradles, tools, and parts bins, liquid storage shelves
- Various sizes and configurations available

PERSONAL, GEAR, AND TACTICAL STORAGE LOCKERS

GEARSTOR LOCKERS

Datum's heavy-duty, personal, gear, and tactical GearStor lockers offer customizable storage to organize, secure, and protect everything needed to get the job done. GearStor lockers are designed to secure and store uniforms, equipment, tactical gear, and personal items. In addition, every locker can be custom built to meet specific storage needs, aesthetic, and space.

FEATURES

- 18 gauge (0.047") construction
- Powder Coat Finish
- Continuous hinges
- 3-point locking
- Leveling glides
- Accessories adjustable at 1-inch vertical increments
- Accessories adjustable at 1-inch horizontal increments
- Reconfigurable on-site
- Most accessories can be added at anytime
- Lockers can be ganged side by side
- ADA options available

Datum's GearStor lockers accommodate a large selection of accessories that can be added, removed, or reconfigured to grow and change with storage needs. Speak with your Datum Specialist for a complete list of available accessories.

Optional External Storage with Drawer and Bench featuring Body Armor Tray

MULTIPLE SIZES

Datum's GearStor storage lockers are manufactured in numerous widths, depths, and heights to maximize space and storage capacity. Designed with single-door and double-door configurations and different base options, GearStor lockers allow you to customize the styles and features to meet your specific storage needs, aesthetic, and space. Sides and doors are available in solid, louvered, and ventilate for greater airflow and visibility, or a no-door turn-out option is available for open access.

PERSONAL, GEAR, AND TACTICAL STORAGE LOCKERS

Sides and doors are available in solid, louvered, and ventilated. No door options are also available. Lock options include key, digital, hasp, and combination. Lockers can also be stacked to create tier configurations.

GearStor Turnout Gear Locker

TA-50 ECONOMY EQUIPMENT LOCKERS

Datum's TA-50 Economy Equipment Locker is the ideal solution for gear storage with full-access double doors and generous ventilation that shortens dry time for wet gear and allows visual inspection even when doors are closed. It is equipped with a heavy-duty upper shelf, a full-width welded garment hanger, and four J hooks for convenient, organized gear storage.

FEATURES

- Fully welded, heavy-duty steel locker body
- Diamond ventilation pattern for full visibility
- Heavy-duty upper shelf
- Full-width welded garment hanger; 4 J hooks
- Hasp lock
- Continuous, full-height heavy-duty steel security hinges
- 4Post leveling glides included for non-level floors
- Various sizes and configurations
- Powder Coat Finish

HIGH-DENSITY STORAGE

Increase your storage, not your space

Datum's weapon racks and specialized shelving seamlessly integrate into Datum's MobileTrak systems, maximizing storage space with minimal floor space. MobileTrak systems can easily be expanded or moved as storage needs change.

From military and public safety to police officers, SWAT teams, and first responders, Datum will help you organize, secure, and protect everything you need to get the job done.
